• Safe Walking Plan Approval o The same walking plan that has been used for several years was presented to the Council and approved unanimously.

• Technology Safety o Dr. Higginson presented the following plan for technology safety. ▪ Beginning of the year anti-bullying and cyber-bullying talk with principal. ▪ "Be an Ally Assembly" on Sept. 24, 2018 ▪ "Cyberbullying" assembly for 5th and 6th graders on October 8th . ▪ Internet Safety Assemly on Dec. 5th for all grades ▪ "Be Your Own Ally" on Jan. 7th

• Trustlands Spending thus far o Only aide salaries, planners and classroom periodicals have been spent so far.

• Review of School Data o The area of weakest data was math. We already set a goal for Trustlands this year to address it.

• Goals for the SSAP plan—first stab o It was agreed that math would be a good place to focus, but the SSAP plan called for reading and primary reading plans. We haven't seen the plan yet, but it was agreed to try to form about the same goals.

• Community Council members were given the new booklet of rules from the district and also the invitation to the State Training for Community Council flyer.

WESTERN HILLS COMMUNITY COUNCIL AGENDA November 19, 2018 3:30-4:00 in room 4

Attending: Ammie Harlow, Alissa Hamblin, Mardel Higginson, Angelica Paniagua

Start Time: 3:30 PM

• Trustlands budget review o We have spent about ¼ of the budget. This is in line with the first quarter.

• SSAP Review o I had a rough draft of the SSAP plan. However, the final form is not yet available. We went over the two goals for reading and math.

• Comments about the Halloween Parade o Some felt that the older students didn't get to see all the younger students costume even though they went through everyone's rooms. They want the older grades to switch off and go through first next year.

• Issues from the community o Parents complained about car parking in the circle where the preschool drops off. The cars are parking in the circle instead of getting a parking place and that is blocking traffic. o Parents also have noticed that some parents are bringing pets onto the playground when they walk their children to school o Both of these issues can be addressed in the January newsletter.

• We elected Ammie Harlow as Chairwoman and Socorro as Vice Chairwoman of the Trustlands committee.

• We also discuss PBG. I wanted to hear what parents are saying about PBG. o They didn't like that all the standards were lumped into one grade. o They also didn't like the averaging of the grades. o They don't really understand the decaying averaging.

• No Community Council in December unless there is a pressing matter from the district.

WESTERN HILLS COMMUNITY COUNCIL MINUTES January 28, 2019 3:30-4:00 in room 4

Attending: Mardel Higginson, Alissa Hamblin, Ammie Harlow Start Time:3:35 PM

• Trustlands budget review o Dr. Higginson felt that we are right where we should be for the time of year. o We have to spend all but 10% by March or April.

• SSAP Review o It was decided to use the same goals for Trustlands that we used for SSAP. o • Issues from the community o Plowing away from building enough so that students have a place to stand, especially near the places the 1st and Kindergarten come in.

• Discussion of PBG o The feedback from the community was that the rounding is not working. o Also, Dr. Higginson thought there should be some standards for the citizenship scores. We had a lot of 4's on this. This made the reports inflated when a parent looked at them. o Teachers are really struggling with this whole thing.

• Next Community Council February 25 at 3:30.
