

***Bennion Elementary Community Council***  
***Meeting Notes***

November 11, 2020

Minutes from the Last Meeting were not read at this time.

I. Introductions

Brandalyn Seamon from the DCC is here to discuss reconfiguration transition accommodations.

II. How are things going?

We will not be having the Christmas Program this year due to COVID-19 and the strain on teacher time. Jane will put out a message to parents regarding this change.

Jane reported that playground equipment has been ordered and that the cart is pretty full. Some items purchased were hula hoops, jump ropes of all sizes and more balls.

Parents are being allowed to volunteer in classrooms at the discretion of the teacher. Parents wanting to volunteer in their child's classroom should contact their individual teachers.

- III. Brandalyn asked if we as parents/council had any specific items we wanted addressed regarding the reconfiguration process. Some items mentioned were having a homeroom teacher for daily check-ins, making sure there was a very detailed orientation and some kind of open house where students could come to map out their day and see where classes were before the first day of school. Brandalyn also indicated that at this time it is likely that the school will be on a seven period daily schedule rather than an A/B schedule, however final decision regarding this have not been made.

Brandalyn also said that she would send out a link for a video that all council members should watch that discusses creating/submitting a Health & Safety plan and digital citizenship plans. The Health & Safety plan is due before winter break.

Jane said that she was working on the Student Achievement Plan and will send out the graphs and other information to the council members for review. Once we have reviewed it she will submit the completed plan in December.

Due to the holidays in December the council will not meet again until after the first of the year.
