Citizenship Participation		
SSAP: School/Student Achievement Plan	Principal went through the plan briefly to discuss what was in it and why. Discussion about the data points in the plan. New data points because the plan is know based on Granite Benchmarks. There is beginning of the year pre test percentages which are expected to be low because it is a pre test to be used with the post test. This allows the teachers to see the growth. Plan was approved by all. Motion to approve. Kym second Matt.	Vote -Unanimous approval
Viking Night	10 to 12 teachers will be coming to the Viking night. Teachers will take care of the academic piece and PTA will take care of the community piece. PTA meeting will need to take place this month to plan for Viking night. There part is to open the night in the	PTA meeting to help organize their plan of action. Clarke will contact elementaries about advertising for the event. Members have been asked to help answer questions that night.

	<p>auditorium, help advertise and take care of the ice cream bingo, and light dinner in the cafeteria. Also room decorations to highlight which rooms have things going on. It was explained that it would not look exactly like it did before. Ideas for the cafeteria would be to have the play projected on a screen. Photo booth for pictures of the night to take and have put on instagram.. Have cast members of the play walk around to take pictures with community members.</p>	<p>Promoting the school.</p>
<p>School Schedule for 2017-2018</p>	<p>Discussed the teacher's preference on which schedule to us the 7 period schedule or the current 5 by 5 schedule. The teacher's preference was 15 to 10 to stay on the current 5 by 5 schedule with an adjustment by one teacher to change their preference before it was announced to the faculty to the 5 by 5 which changed the ratio to 16 to 9 for the current 5 by 5 schedule. Kym Hunsaker expressed viewpoints of teachers concerned about the 5 by 5 schedule. A brief discussion took place about the concerns with the 5 by 5 and comparing the 7 by 7 schedule. Elective choices and the schools programs where of big concern to the council and keeping electives available to students and programs. Which the 5 by 5 allows. The size of the school at 523 students does limit the choices so to maximize the electives 5 by 5 would be best. Time needs to pass in order to get good data on the progress on the 5 by 5 schedule. Some of the concerns stated are more administrative concerns and not totally related to the 5 by 5 schedule. Council was in support of the teacher's preference</p>	<p>A unanimous vote was taken in support of the teacher's decision to stay on the 5 by 5 schedule. Conducted by Clarke. With the premise that we will continually look at the available data and discuss options in the current 5 by 5 scheduling to help teachers. Data needs to be gathered for two years to make good decision on the progress of the 5 by 5 and which subjects need to be double blocked.</p>
<p>Bonneville Video</p>	<p>Andrea could not make the meeting but it was reported that the video is in progress with the district. Some district priorities came first but she thought that it would be finished soon.</p>	<p>Clarke mentioned that he would have a conversation with Ben Horsley about the progress of our video.</p>

**Others	Utah scholars need volunteers.
