### **Budget Update**

Bonneville will end up with a 0 balance with the trustlands budget for this year, which is what is expected by the state. We are using the money to target Special Education students and MLL students to help them catch up to grade level. We are also offering a summer school program for 4 weeks to get interested students signed up to get students back in the classroom and ready for Fall. We have some students who haven't been in a classroom for over a year and we want to ease them back into a school setting.

Bonneville is unsure of what the enrollment will be for next year, which is always a struggle. We are a small school and even a few students not coming to school really affects our budget.

### **Counselor Update**

Master Schedule for next school year.

Working on transition meetings with elementary school teachers.

We are getting a counseling intern next year!

### **Safe Walking Route**

A link is on our webpage and it shows students and parents how to get to school safely.

### **Tree Planting**

Saturday May 22 at 10am

Bonneville is getting 14 trees

### **End of year celebration on Tuesday June 1st**

Assemblies in the morning, starting with 8<sup>th</sup> and moving down thru the grades.

Yearbook signing will happen all day. We will provide pens and markers and paper

Counselors are planning on having a place where students can keep their yearbooks for safekeeping while the children have fun. Including cornhole, basketball, origami, friendship bracelets

We will have otter pops and water

**Dress code Review/Backpacks/Binders/Lockers**

It is up to Community Council to look at the dress code each year and tweak it as necessary.

The council passed the dress code with 4 passing and 1 abstaining

Backpacks: The school has liked the backpacks this year and it hasn't been a problem to have them in the classroom.
