4. New business
  - a. Steve Hogan Director of Planning and Boundaries  
Feeder patterns, school boundaries, possibly school closures  
Best size of school for ideal education – min 3 teachers per grade. Ideal 4-5 teachers per grade.  
Considerations – safety, transportation, etc.  
They are seeking feedback from all communities.  
Meeting with community councils for the next several months.  
1<sup>st</sup> reading of recommendations in November  
2<sup>nd</sup> reading in December  
Implementation in fall 2020  
Steve will come back next month to answer questions.  
Steve asked what would happen in our school if we lost 50 students. Cindy said we would fit better in the cafeteria and for assemblies. Katie worries about losing students and then having only 1 non-DI classroom per grade.  
Cindy asked How is reconfiguration figuring into this boundary study? Steve will bring back numbers next month with K-5 numbers for each school.  
[snhogan@graniteschools.org](mailto:snhogan@graniteschools.org)

\$700,000-\$1,000,000 basic cost to run a school for a year for basic maintenance.
