Welcome:			
*	Community Council meeting started at 1:30 pm		
Agenda:			
*	Approval of March Minutes		
	Kim motioned to approve minutes from April. Beth seconded the motion. Motion passed.		
*	Verizon Cell Phone Tower		
	Verizon Cell Tower will happen. School will receive \$40,000 when it is installed (looking at January 2016) and then \$2000 per year for every year after. There is a question as to whether the cell tower will interfere with the current headsets etc. that are used in the auditorium. We could purchase newer updated headphones with some of the money or use the money to split more classes next year and write grants for the faculty room remodel and to purchase newer headsets, microphones etc. for the auditorium.		
*	Safe Walking Plan		
	Done and submitted		
*	Enrollment & Master Schedule		
	Still in the working. Should hopefully sign off in the week or so. Difficult to create the schedule because we are such a small school. Springmeyer will be going to Bonneville, Hinton will be going to Granger, Landis will split his time between Churchill & Valley and Zhang will go to Skyline for 5 periods and Churchill for 1 period. Because we are on a different schedule than Skyline we will need to have some coverage for Zhang about 9 times at Churchill and 9 times at Skyline during the school year so that she will have time to get back and forth to the schools. Kim has a daughter who has a degree in Chinese and will check with her to see if she is available for those 18 days so the kids can have the same sub.		
*	School Policies		
	Looking at the possibility of allowing leggings on a trial basis for one year with some fine boundaries. This has been discussed with PTSA, Community Council and Terri will discuss it with the teachers as well before making a decision.		
*	Council Openings for 2015-2016		
	Terms completed for Ed Espinel and Emily Allison. We will need to announce for these available positions in the next newsletter. Terri will take care of this and attach an application in the next newsletter.		
*	Other Business		
	SAGE Testing – Kids are stressing. Do they know that this will not affect their grade in any way. Some teachers are telling students it is part of their grade. It should not affect their grade, it should be extra credit.		
Next Meeting:			
	After summer ☺
