Welcome

- Shannon welcomed everyone to our first Microsoft Teams Community Council meeting.

Approval of Minutes

- Masha motioned to approve March CC minutes. Tammy seconded the motion. Motion passed.

End of Year Testing Update

- There will be no end-of-year RISE testing.

Land Trust Update

- Payroll coming from Land Trust has been posted and the overage we thought there would be in Land Trust is no more.

Weekly Schedule

- Trent went over the weekly schedule and how it's been going.
- Most teachers have been meeting with students on Microsoft Teams. Some teachers have been recording video lessons for students.

- Trent has asked teachers to designate one hour per week to be available during the day for students to email or contact them online for questions or help with homework. Teachers should post this information on their Canvas page or in end of week message.
- Charlie went over data pulled from Canvas to see how many students are participating. Only 26/600 students missing 4 or more classes. High participation the first week. Students have become more complacent as time progresses. Too much content and high workload? Are they concentrating more on CORE classes rather than electives? Canvas?

#### Counseling Center Update

- Julie lost power just before the meeting started, so she was unable to give any updates.

#### PTSA Updates

- Allison said all PTSA events have been cancelled.
- Depending on what happens with the social distancing, she would still like to see the 8<sup>th</sup> grade party happen for the students.

#### Miscellaneous

- Chris Brussow informed us that Governor Herbert announced schools will not reopen for the rest of the school year.

Meeting Adjourned at 2:15 pm.
