---	--

***All music and dance classes require night performances**

My student is served through: (Circle all that apply) Regular Education Special Education 504 ELL

Parent Signature: _____

7th Grade Registration Information

Regular or Honors? - Churchill students can sign up for either regular or honors classes. There is no testing or teacher approval needed. It is recommended that students discuss with their parents and possibly their current teacher to determine whether to take honors or regular classes. The honors classes are more rigorous and will typically be taught at a faster pace.

Electives - We will make an effort to give students their top ranked electives. Due to the high number of specialized programs and our small school size, students may not get their first choice. We work very hard to give our students their highest ranked electives possible.

French Dual Language Immersion - All DLI students will take French 3 Honors. Students are highly recommended to take the French Culture class which can be taken during 1st and/or 2nd semesters and will help prepare students to take the AP Exam in their 9th grade year.

ELECTIVES: Following is a description of available electives. Unless indicated, electives are semester classes (half year)

AdvArt 3D(MixedMedia)- Various art projects

Adv Art 3D (Ceramics)- Pottery
