

Copper Hills Elementary School Community Council Meeting

28 March 2024

Trust Lands Plan

- Continue with reading and literacy goal (K-3: 90% of students proficient on reading and literacy)
- Reading Lab continued to be utilized. Classroom teachers, not Jamie, will plan Reading Lab interventions.
- **Lesson Study:** To increase the efficacy of whole group instruction, teachers will plan a common lesson during PLCs. Each teacher on the team will teach the lesson as Jamie and the other members of the team watch. Classes will be covered to allow teachers the opportunity to watch their teammates. Jamie would be involved in coaching this lesson.
- Trust Land money will be used to fund the Reading Lab and pay for substitutes to cover classes while teachers do their Lesson Study. It will also fund Literacy Night and Family Center.

Magna United Communities that Care

- Focus on drug prevention and crime prevention.
- Want to make sure schools are aware of their support with community resources.
- Can they translate our Thursday note for us?
- Can they help pay for busses to field trips to the Magna Library?

Next Meeting: April 25, 2024 @ 3:15

Next Time: Safe Walking Routes
