

Dear Parents, Students, and Neighbors,

Did you know that **many** students in Granite School District go hungry each day? (One in seven at Crestview Elementary School.)

Again, this year, Crestview Elementary School, in conjunction with the Granite Education Foundation, is doing a school Angel Tree. We have several families right here at Crestview School that need some help. The Angel Tree will be a festive holiday tree in the front lobby of our school. On the tree will hang ornaments with an item listed that could be purchased for a donation. Students, families and neighbors may take an ornament and donate to benefit our own students and their families.

We hope that you will discuss this with your children and family and see if this is something they would like to participate in. You could also include extended family and neighbors who might be looking for a way to help others this season. Anything you do will help make our Angel Tree successful and will be greatly appreciated. It is the season of giving and what a great way to support our school.

Please feel free to stop by and pick up an ornament. When you have that item, bring it into the office. Lets make this season a memorable one for your students along with those in need. **The Angel tree will be up from November 1<sup>st</sup> to November 30<sup>th</sup>, 2017.**
