MIDTERM REPORTS AND REPORT CARDS

1. Midterms and report cards are used to notify parents of a student's academic and citizenship standing. **Midterm reports are printed at the midpoint of the term and given to students.** Note: The date the midterm is handed out may not be the midpoint of the term. It is important to remember that the midterm report reflects a student's progress up to that point. The student's grade may change by the end of the term. Midterm dates are as follows: Sept. 26, Dec. 6, Feb. 21 and May 2.

2. **Report cards are given to students** approximately one week following the end of each term. Fourth term report cards are mailed home and can be viewed on-line.

3. Parents should contact teachers for questions regarding academic or citizenship grades. See Cyprus' website: [www.cyprushigh.org](http://www.cyprushigh.org).
