They are beginning a new committee that will look at all the capital needs and then prioritize them. They will have the plan in 6 - 12 months, and then begin to work on it. Cyprus is a high priority. There is \$25 million left from the bond for the STEM secondary school that will not be built now.

There will be meetings at both campuses. There will be a technology and media person at both campuses. Mr. McDaniel will be at both campuses about half time. The Brockbank campus will keep its lunch room. Mr. McDaniel said that he hasn't heard about some of the safety requests he made, but noticed that they were putting a protected left on 8400 West at 3100 South, which was one of his requests.
