

Diamond Ridge Elem. School
Community Council Meeting Minutes
February 5, 2015

Meeting Convened – 4:32 pm

Attending: Debbie Koji, Michelle McCarthy, Lisa Whiting, Stacy Brown, Melissa Bouderbala and Katie Shaw

-Last month's meeting minutes were approved by all council. Debbie moved to accept the meeting minutes and Melissa second the motion.

-Debbie introduced the LEGO League representative from the school, Davina Sauthoff. She shared with the council information about the LEGO League extracurricular program, how it has run and how the teams were gathered. The Representative asked the council for help as the school formalizes the team selection process. The council will look at the various other schools processes for team selection that were shared by Davina and come prepared what would be important to include in our process as we build it during next month's meeting. The final approval will be voted on in April.

-Debbie went over the Mid Year Data with the council. All areas are up. Great job Diamond Ridge Rockets.

-Debbie updated the council on the LAND Trust progress. The funds must be used this year so we went over the adjustments to the LAND Trust budget for moving funds to collaborative professional development and library books. This kept our funds in the same outlines categories that the council originally established. Katie moved to approve the adjustments to the LAND Trust budget and Stacy second the motion.

-For Next year's LAND Trust plan, the council has chosen to maintain focus as is at this time.

-Update on the cameras. The bill has been paid so the cameras should be up soon. Remember, cameras don't keep people safe. We must always follow school rules and never leave children unattended.

-Meeting adjourned 5:38 pm

-Next meeting March 5, 2015 @ 4:30 pm in the school collaboration room – Rm 119
