

Diamond Ridge SCC
February 6, 2014
Room 119

Attendees: Debbie Koji, Michelle McCarthy, Katie Shaw, Jenae Slight, Lisa Whiting

Absent: Tonya Van Dyke

SSAP – School Student Achievement Plan

Debbie read the results. Overall things look OK.

In Language Arts we are slightly ahead of last year's percentages (85% now, 81% then).

In Math we didn't have fabulous growth, but showed some growth. One weak area is Multiplication and Division Facts.

Bully Survey

Most kids feel:

In Classroom – very safe

On Playground – majority safe

In Bathroom – very safe

In Lunchroom – very safe

In Hallways – safe and very safe

To and From School – a few unsafe and very unsafe

These results were because of teasing in a mean way or being called hurtful names. The majority of these instances were once or twice but some were almost every day.

Being left out on purpose – most once or twice, no one every day

Threatened – large majority never

Punched/Hit/Kicked – a couple almost every day, most never

Many areas on the survey need further definition.

Areas to work on:

Bathroom – Assign teacher to stand by door during recess

To and From School

Playground – Brainstorm with Staff

Next SCC Meeting is March 6th at 4:30 pm.
