3) Land Trust plan options

Group looked at options for furniture as classrooms are designated for:

Science lab

Moving the art classroom from the relo to the main building

Designating a classroom for large groups and presentations such as the science fair or grade level activities

Having a designated literacy classroom and coach space

Furniture options:

“Bacon Table”

The bacon table will cost roughly \$200 each. I’ll need a quantity from you and then I can get a firm quote.

These can fit two students each.

Teacher Hub Table

These cost roughly \$515 for a 3 person table. You can shrink this down to a 2 person table and the cost would be less. Again, I’ll need quantities and then I can get firm pricing.

Flexible Seating

Take a look at some popular flexible seating options and let me know which you’d like to see pricing for. I’ll need quantities as well.
