

How to log into your chrome account from a home PC, MacBook, Android or IOS device.

Don't forget to link your data.

Use Google Chrome and go to www.Google.com and if you are logged into a personal Google account you can add your school account.

Click **Sign in or add another account**

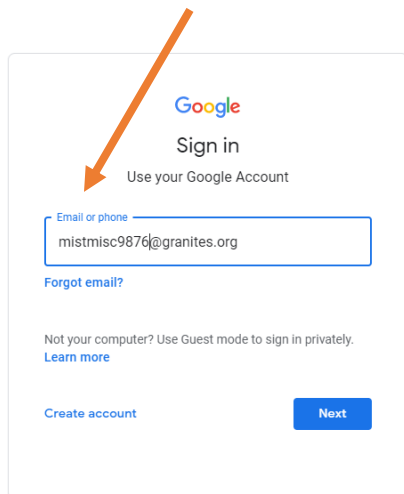

You need to use your Granite Google email address we call it your 444@granitesd.org

(Your 444 = first 4 from first name + first 4 from last name + first 4 from your 9 #)

Example: Mister Misco 9# 9876543 would be mistmisc9876@granitesd.org

Your Password for Granite Google account is the same password you use for your Chromebook.

Type your 444@granitesd.org email address here (see above).

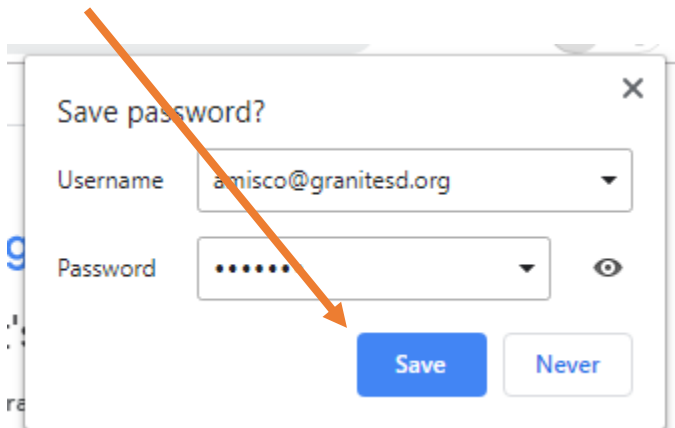

Type:

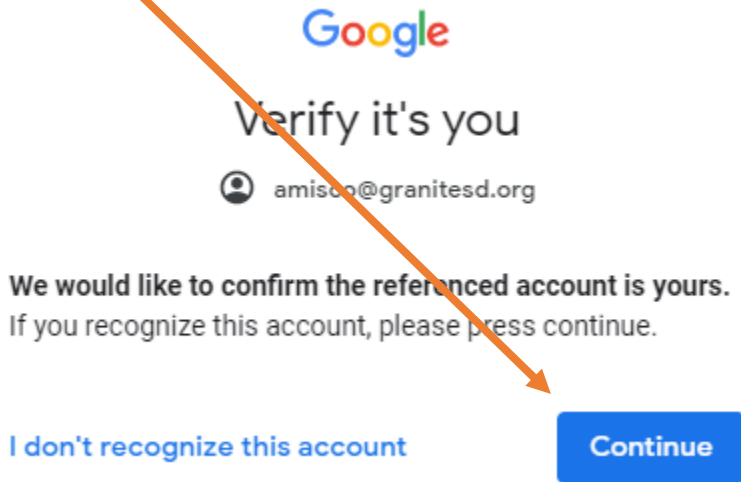

email address again:
and
Computer/Chromebook Password

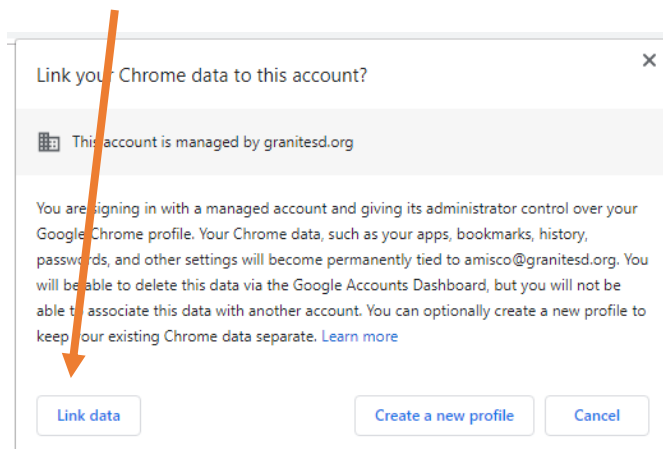

Save Password:

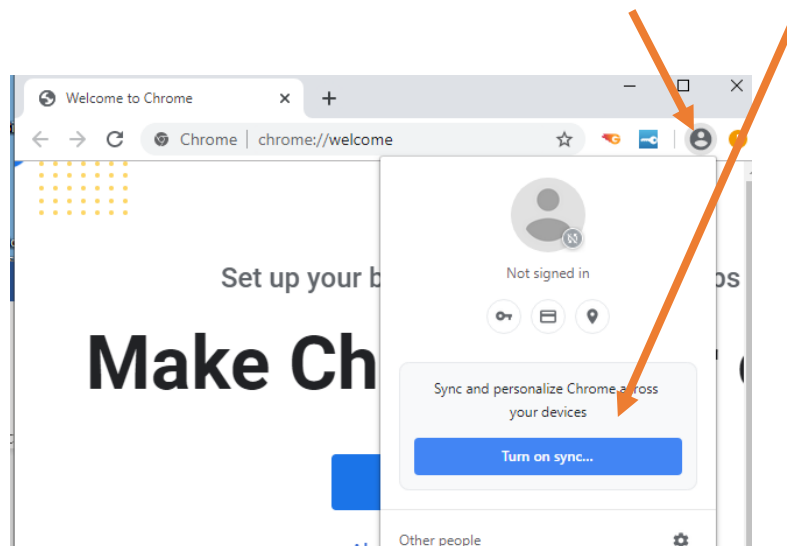

Verify it's you
Click **Continue**

*****DON'T Forget Last Step **LINK DATA*******

**** If you don't see **Link Data** Then you need to **Turn on Sync** by clicking here and here
