

# SEP- How to Join a Google Meet.

**Student:** Harry Potter 9#:9876543

**Teacher:** Albus Dumbledore

If you are using a student Chromebook, or logged into Chrome with your child's @granitesd.org account you don't need to do anything special. Follow the directions on Page 2, Step 1.

If you are not signed into Chrome with a @granitesd.org account, you can still get into the Google meeting. \*Follow direction below and wait for the teacher to accept your request to enter the meeting. This may take some time if they are busy finishing up a prior meeting.\*\*

**Step A.** If at all possible use the GOOGLE CHROME web browser.

**Step B.** Click the link the teacher sent you, or go to this page: <http://meet.google.com>

1. Open the link your teacher sent you. (if you **are not** on a Chromebook make sure you copy & paste the link into a \*Google Chrome Web Browser) Or go to <http://meet.google.com> and enter code (get code from your teacher) **You will not be able to join a meet until your teacher opens it. If you are early be patient and try again if you can't get in**
2. Before you click **Join now** **MUTE your Microphone**, Cameras are optional. Some computers don't have cameras.
