

Principal's Message

by Ms. Ibarra

- **Congratulations** for ending first quarter in such a positive manner! Students have worked hard to complete their assignments and teachers have done a great job getting their lessons out to Distance Learners, as well as to the students in their classrooms.
- As we start the new quarter, we encourage everyone to work extra hard in getting to school on time and to each class every day. We are currently rewarding random classes that have had **"NO TARDIES"** that period. In addition, each week a random selection of students who have had ZERO tardies get to meet with administration and receive a small treat as they are commended for their daily achievement of being on time.
- Eisenhower Jr. welcomes the new Assistant Principal Intern, **Ms. Brittany Sylvester** to the administrative team! Ms. Sylvester comes to us from a lengthy career as a teacher and former Instructional Coach. She is excited to be joining the Generals as we march forward to an incredible year.
- On **October 29**, students have been given the opportunity to celebrate Greek Mythology by dressing up as a Greek God or Goddess for the day! We cannot wait to see how creative our students can be.
- **October 31** is Halloween! Have fun and **BE SAFE!**
- **November 2:** Basketball Season begins!
