Corinne – Regarding activity bus for the school. The purpose of the activity bus would be to get kids who do not have transportation options to get them to and from school events. It is preventing some students from participating in school activities. The bus would be used for game days only. Bussing is very expensive another option would be to carpool. Students would need a letter of permission to carpool excluding the parent transporting exempt from any liability. Mark will also check with Dave Vande Veegete to see if this would be possible to get an activity bus.

Cynthia – Staffing changes for starting January 2015. Karen Snellman, self-contained special education teacher will be retiring after 30 years of great service. Susan Cline our counseling secretary also will be retiring. Congratulations and job well done ladies! We will miss you!
