Mark – Discussion regarding 9th graders moving to Taylorsville High School

Garrett Muse the principal at Taylorsville HS has heard nothing about this happening. The only thing that has been proposed, is moving the Bennion Jr. 9th grade students who would attend Cottonwood HS next year to Taylorsville HS.

Kammie – 5 Star General program

The 5 Star General program is based upon the cumulative grade point average versus each term grade. If it was by term it would give each student the added push to complete assignments and do well in class if they desire to become a 5-Star General. Mark will speak with Joni regarding how this program works and suggest changes if possible to better fit all students.

Next meeting will be May 11th at 4:00PM

Meeting adjourned at 4:50PM
