

Eisenhower Jr. SCC Minutes

Nov. 8, 2017

Media Center

Meeting start time: 3:15pm

Attendees: Fern McClelland, Christina Anderson, Scott Anderson, Hillary Dalton, Tere Gerber, Ryan Swensen, Michael Valdez, Sue Weierman, Betsy Valora, Cory Martin, Mark Ellermeier

Excused: Sarah Timpson

1. **Approval of last month's meeting minutes:** proposed by Ryan Swensen. Seconded by Betsy V. All present approved.

2. **Chick-Fil-A Fundraiser results:** All calendars were sold plus a few more!

3. **Combined Choir and Instrumental Concert Feedback:**

Overall good, great to see the programs growing

Suggested that doors open earlier, while still giving group rehearsal time

Not enough seating for all parents to come at once. School will try harder to communicate to parents whether choir or band students will be performing in first or second part of the program.

4. **New Math Program Grading:** For the most part, it's working fine.

Proficiency testing must be done a certain way as dictated by the district.

Star Time is NOT Retake time, it should be relearning time.

It was suggested that the school plan another parent night to inform parents on how to help their kids succeed in this new program.

5. **Thank you to PTSA for providing lunch on SNAD day**

6. **Update on how Land Trust money is being spent this year:** Mr. Ellermeier

Money is being spent on AVID training, subs for teacher trainings and classroom aides

There will be more money for technology in the classrooms at fiscal year end.

7. **PTSA/ Mix It Up Activity:**

Because of limited space in the cafeteria, there needs to be an adjustment away from the entire school at the lunch hour and have each grade participate during their STAR Time: 7th on 11/28, 8th on 12/29 & 9th on 12/30

8. **Other Business?**

Ryan Swensen asked if there would be any change in the drop off procedures. He reports there is a daily occurrence of students playing chicken with cars on Redwood Rd. and he sees students sluffing school, often in his neighborhood.

Cory Martin explained the incident of a high reading of carbon monoxide while the boiler was being fixed. School was evacuated in 9 mins, faster than any drill.

Mr. Ellermeier reiterated the importance of parents coming to these SCC meetings to have their concerns be heard.

9. **Next month's meeting:** Dec. 13th

Meeting adjourned time: 3:58pm
