Land Trust Plan

The School Land Trust Plan will consist of getting students College-Ready. That will include a personalized reading goal for each student, focusing on growth rather than proficiency. The schoolwide goal will be 58% of students reaching their reading goal. Currently 53.55% of our students have reached their goal, with Pacific Islanders and SPED needing the most attention. To reach this goal Mr. Ellermeier asked the community council to pay for ½ of 2 ELA teachers and 514 chromebooks with LandTrust money.

Ashley George made a motion to approve the use of LandTrust money to pay for ½ of 2 ELA teachers and 514 Chromebooks. Merri Rygg seconded the motion.
