- Review the safe walking route for Elk Run

A Parent meeting will be held in March or April to review the Safe Walking Routes. It was discussed how there is more danger from an increase in traffic around the school in the morning and afternoon times. The more cars there are, the greater a chance a student can be hit or there could be a serious accident.

- Discuss the traffic problems before and after school

Remind the students to go through the kindergarten/first grade playground area instead of around it.
