

Fremont Community Council Minutes

March 19, 2011 Faculty Room

Meeting Commenced 4:04 pm

Those in attendance: Betsy Valora, Michelle Christensen, Suzette Wilson, Holly Flitton, Paul McCarty, Carly Kerby, Jeanette Spencer and Maria Miles.

- Lands Trust Report: Review actual expenditures. Take home library, FTE for about 2 weeks, until the district took over paying FTE. How much money will be left for carry over? About \$6000 may be left over. We have about 7 weeks left for the take-home library. They would also like funding for about 1 more week to clean and put away the library for next year. We will vote on that at our next meeting. All call will go out tomorrow and our report will be turned in.
- Staffing Issues for 2012-2013: We currently have 560 kids and are looking to increase that number by about 65 kids next year. Teachers are working to put together a final plan for the class sizes next year.
- Math Common Core: Review the need for teachers to have a physical book to teach from. Concern about times when internet is down or when substitutes are needed.
- Lunchtime Review: Dr. McCarty is checking trays to make sure kids are eating. Kids seem to be doing well to eat their food. There is less noise in the lunchroom and outside by those classes.
- Other Business: Duck, Cover and Hold is April 17, 2012. We will be participating.

Meeting adjourned 4:40
