Granger High School
Annual Title I Meeting
September 25, 2018

Granger High School is a Title I school. Schools that are designated as Title I schools receive additional federal funding based on socio-economic status. The Title I program is designed to assist students in low income areas overcome the academic gap that corresponds with families living in scarcity. This federal assistance is based on Granite District demographics and given to Granger High based on the number of students we have receiving free lunch.

For the 2018-2019 school year, Granger's Title I funding increased by 10% based on the allotment given to Granite School District. Through cooperation with the Granger's Community Council, the school used Trust Land funds to support Title I plans to support the school's academic vision. Between the Title I allotment and Trust Land funds, Granger is able to continue supports and resources that assist students to overcome the achievement gap in pursuit of their education.

Title I funds the following programs, supports, and resources:

- Freshman Advocate
 - An advocate who works with our Freshman students, parents, and teachers
- Social Worker
 - Adds funds to the district allotment to keep a full time social worker at Granger
- Instructional Coaches
 - Coaches who work with teachers and provide valuable feedback and instructional assistance
- Mentors and New Beginning Coaches
 - Coaches who work specifically with new teachers (1-3 years) to become proficient in teaching
- Full-time student counselor
 - An additional counselor to provide assistance and guidance to students and parents in school related questions
- PLC, AP, and AVID Conferences
 - Additional training for teachers to reach all students with current, effective practices
- Parent University
 - Additional training for Parents to connect with their students by supporting them with current, effective practices
- ACT Preparation Courses

We thank you for being part of the Granger Community.
