...this is a hairy burger! You think water moves fast? You should see ice. It moves like it has a mind. Like it knows it killed the world once and got a taste for murder. After the avalanche, it took me a week to climb out. Now, I don't know exactly when we turned on each other, but I know that seems to have survived the slide... and only five made it out. Now we look at each other, that I'm breaking news. We said we'd say it was the snow that killed the other two, but it wasn't. Nature is lethal but it doesn't hold grudges to men. <3 We happy? Do you see any "T-shirtless in here"? Do you see a slender plastic tag...

1 A perfect hole to begin your day at Willet Creek. Long hitters have a reasonable chance at birdie. The hole plays slightly uphill. When the wind is blowing in, it can be an especially challenging hole to par. Two good shots will leave a short approach shot to an elevated green.
