

On the **University of Utah** website, the Freshman Application links directly to The Common Application.

Create a Common Application account - **use your full legal name and a personal email** (not your PC school email)

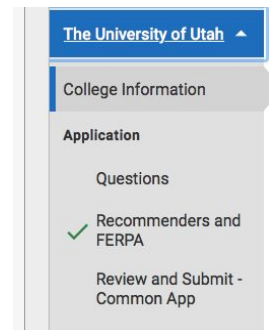

- 1) After searching for University of Utah in the “College Search” tab, add University of Utah to “My Colleges”
- 2) Note the requirements needed for the University of Utah
 - a) NO ESSAY NEEDED, unless applying to the Honors College
 - b) NO LETTERS OF RECOMMENDATION for U of U
 - c) Note the **deadlines for FALL 2020 - unless you absolutely need updated ACT/SAT, or updated grades on your transcript, you should apply Early Action: November 1, 2019**
- 3) Fill out all required sections of the Common App

TIP: have a copy of your transcript handy in order to enter class size/rank/GPA under the Education portion

TIP: if you are going to apply to OTHER colleges that use the Common Application, be sure to add them and know deadlines/other requirements - you will find this information easily once you add that college to your “My Colleges” tab.

- 4) **On your Naviance Account - you must MATCH your common app with Naviance** - this requires the “Education” portion of common app to be complete with your High School / Counselor info entered and under the “My Colleges” tab, the *Recommenders and FERPA* must be completed. This allows PCHS to link your transcript to your common application through Naviance.
- 5) Go to your ACT.org account and verify that you have sent your official ACT scores to the University of Utah. If you have not, order them to be sent at least 2 weeks prior to your deadline (for Nov. 1, order these before Oct. 15). Do the same for SAT if using SAT scores.
- 6) Check in with your counselor at any time to ask questions - verify items have been sent - let us know if you have changed any deadlines, etc. We are happy to help!

After you have submitted your application, keep your grades up & stay involved all year. The University of Utah releases admissions letters on January 15, 2020.
