

EQUINE SCIENCE 1 & 2

Who should take this course?

Any student wishing to learn about horses for personal use or are looking for a career working with horses. No experience is required, and this is a very hands-on course with daily lab work. This course is not intended to be a riding class, but there is some riding involved near the completion of the course.

Topics Covered

- Horse handling
- Breeds and judging
- Health and farrier care
- Horse housing facilities
- Training and horse behavior
- Horse anatomy and structure

Career Paths

- Herd Nutritionist
- Veterinarian- Equine Specialty
- Farrier
- Horse Trainer/ Instructor
- Equine Chiropractor
- Animal Assisted Physical Therapist

To Register, submit a GTI Application (signed by parent).

Visit the GTI website or contact your school counselor for an application.
