**LANDTrust Funds (2020-2021) Update:**

The screen beams that were approved by the Community Council for this year are installed. Originally, a screen was approved to use. It will not work. We need IDEA Screen Boards for the Screen Beams to work in the classrooms. The cost of the boards for the two classrooms is \$1670.00. Does the Council feel this is a good use of the money so the two teachers can use the technology in their classrooms?

Motion for approval: **Approved unanimously.** Money will be moved to the technology fund.

The remaining funds will be used to pay for additional para educators throughout the building. We had some professional development planned for the beginning of the year but due to COVID-19, the training was unable to take place.
