Comment Time:

- 1) A suggestion was made by a student that teachers need to receive more training on how to use Chromebooks to their full potential in their classroom.
- 2) The math dept. will be receiving Chromebooks next year. They will also be required to attend a full day of training on the 25<sup>th</sup> of March on the Chromebooks.
- 3) The suggestion was made that we purchase half sets of Chromebooks (20) with a smaller cart for use in the Special Education dept. The proposal will be submitted for consideration at our March meeting. It was also explained to the Council how monies would need to be moved because the equipment budget currently is too small to purchase the additional Chromebooks. Budget transfers were explained to the Council.

Next Meeting – March 21st, 2016 (Monday)

Adjourn – 5:33PM
