New Business:

No Proposals

Ryan Oaks - 1) Tardies did improve, 700 students qualified for a free dance ticket. They are still processing the data to know how much the incentive helped.

2) There will be an official proposal for the Las Vegas Professional Development for Professional Learning Committees (PLCs) at the January meeting. Teachers have to commit to attend by this Friday. There are other resources for funds so Trustlands won't have to cover everything.

3) There is a math teacher retiring at the end of the semester so they are in the process of hiring a new teacher.

4) Hunter High will be hiring 1-2 full time subs after the new year. They will be at Hunter to fill in for missing teachers and if no sub is needed that day, they will fill in for teachers while they work with the Instructional coach. In Feb and March all teachers will have the opportunity to observe other teachers. In order to qualify for this sub position, the person must be a licensed teacher.

Graduation - parents want to know when and where graduation will be this year. The official schedule from the district was June 1st at 10 AM at the Huntsman Center. They are looking at some possible changes and Mr Oaks will try to have the information to send out to parents in January.

Meeting adjourned 4:52 PM

Next meeting is Tuesday, January 18, 2022 at 4:30 PM
