Trust lands opening balance: \$142,234.64

Minutes from January 2021 were approved unanimously.

New Business:

1. Ryan Oaks: The new treasurer and faculty community council member will be Lissa Woolf.  
  
On President's Day, Hunter participated in the first 6A girls wrestling State tournament, and left with 2 State Champs. Winter sports are finishing up.
2. Using the trust lands balance would be most useful to replace, phase out old, and add more chromebooks. The balance then will be approximately \$50,000. The thoughts are to use the balance for teacher salaries for taking on extra periods and paying trackers. Since there will be no AVID travel this summer, the funds can be put to use elsewhere in the school.
3. The Health department curriculum still has not been implemented this semester, because the software and curriculum has to be approved through the district, which will take about a month.
4. The final report has again been postponed to March. Roxanne is waiting to receive the data on graduation rates and meeting our goals for last year.
5. Some council members expressed concern about overuse of chromebooks at home, and the lack of control or filters. There was also an issue of PG-13 and R-rated movies being shown in class without getting parental permission slips.
