Kathy Evans and John Behr came to discuss the safety of our children. They are the parents of the boy that was almost hit crossing 3500 S. back in October. A letter was sent from the community council to the board. So far no response has been received. Principal Carroll will initiate a new letter. Principal Carroll informed them of the upcoming board meeting and encouraged them to attend and present their story during patron time. It was discussed that talking to the mayor may be another option. Principal Carroll will contact Mike Millet to discuss traffic concerns. The community council is going to advocate for police presence and will work together to get the lighting installed as soon as possible so that our children can be safe while crossing the street. Kerry went over what was discussed last spring regarding the safe walking route, lighting, and student safety.

Principal Carroll discussed the school goals. They will be doing the following to help with the turn-around school status: implement the all about learning core curriculum, incorporate reading and numeracy into all classes, focus on positive behavior by being firm, fair, and consistent, implement incentives like bingo board, donuts w/dudes, pizza w/principal, and ice cream w/counselors. The schedule for next year will be a 7 period schedule.
