

KEARNS HIGH SCHOOL

Memo No. 41

August, 2016

SUBJECT: PASS - FAIL GRADING

In order to ensure that our G.P.A.'s reflect academic achievement and performance, the grading policy for programs listed below are Pass/Fail only.

Teacher Aide / Media Center Aide / Office Aide

Credit will continue to be received by passing students in these programs but the Pass/Fail grade will not be included in the G.P.A. calculation.

It is recommended that the primary guideline to consider in determining Pass/Fail status would be that any performance below average be considered as failing and should be referred to the counseling office for removal at the term.

All students affected by this policy should be informed of it.
