

KEARNS HIGH SCHOOL

MEMO NO. 50

August 2010

SUBJECT: FOOD AND DRINK IN THE CLASSROOMS

We agreed as a staff not to permit students to have food or drink in the classroom during class time. The class time was to be a serious time of instruction and distractions of food and drink would not be tolerated. Since that time there has been some deterioration of that policy.

The administration has meet with teachers in groups, and we have a very unanimous consensus from everyone we have talked with that the policy needs to be reinforced for students' benefit and for the smooth school operation.

Students are not allowed to bring food or drink to class.

Staff cooperation on this policy is appreciated and expected.
