

KEARNS HIGH SCHOOL

MEMO NO. 57

August 2016

SUBJECT: Assembly Supervision

Please be advised that the assemblies at Kearns High School are an integral part of our school curriculum. The administration expects all staff members to be in attendance at all assemblies to assist with the supervision of students. To facilitate this supervision, staff members will sit with their class in the gymnasium/auditorium during our assemblies. Teachers without classes during that period will be stationed at strategic places during the assembly. Standards for behavior in assemblies will be discussed with students before the first assembly is scheduled. Seating areas will be assigned.
