

Kearns High School

School Community Council Meeting Minutes
Tuesday, September 12, 2017

Mission Statement:

Kearns High School students are responsible for developing proficiency in the Utah State Core Standards. Through collaboration with staff and ongoing assessments, our students leave Kearns High School successfully prepared for college and career.

Parent Members Present: Deonna Weight, Susan Pate

Staff Members Present: Maile Loo, Megan Angell, Misty Morrow, Ryan Knowlton, Aimee Duran

Visitors Present: Amanda Rosas, Leticia Cervantes, Serafin Ruiz

Minutes

The meeting was called to order at 4:30.

We collected the names and email addresses of all SCC members and introduced ourselves.

The committee viewed the film “Building the Trust” and Ms. Loo gave an introduction of what the purpose of the Community Council. She discussed the budget proposal presented last year and the rules regarding spending the entire budget as no carryover is allowed.

Ms. Loo discussed the upcoming public bond meeting, the voting process, and the potential property tax increase. She showed our KHS support your public school sign and asked each member to take a sign and requested that the committee encourage the community members to attend the bond meetings and support the vote to help our district schools.

A potential vote was tabled until all members of the committee were present

Megan Angell discussed the new ALEKS math program that was written in for purchase. The program provides background knowledge while helping students move on with the current class focus. This program will supplement our current program and is known for a high level of student buy in. The original bid came in lower than expected due to a discount under the Utah STEM promotion.

Ryan Knowlton inquired about the continued use of Schmoop. He wondered whether many AP classes were using the program. Ms. Loo informed the committee that the ACT Prep classes would be utilizing the program during the semester class.

Ms. Loo expressed her desire to continue investing in more technology to help raise scores and academic ventures and gains. She invited our visitors to go through the process of becoming voting members and invited anyone who would like to join the committee to do so. She discussed the need for at least six parent members to be present in the next meeting to vote on the budget. The next meeting will be held on October 10th at 4:30 in the Administrative Conference Room. The meeting adjourned at 5:23 when the committee went and picked up the school support signs.
