

# Looking Up Student Report Cards via Gradebook

1. Log in to the parent portal by going to <https://portal.graniteschools.org>. Type in your **Parent** username, password, and click on 'Log in'.

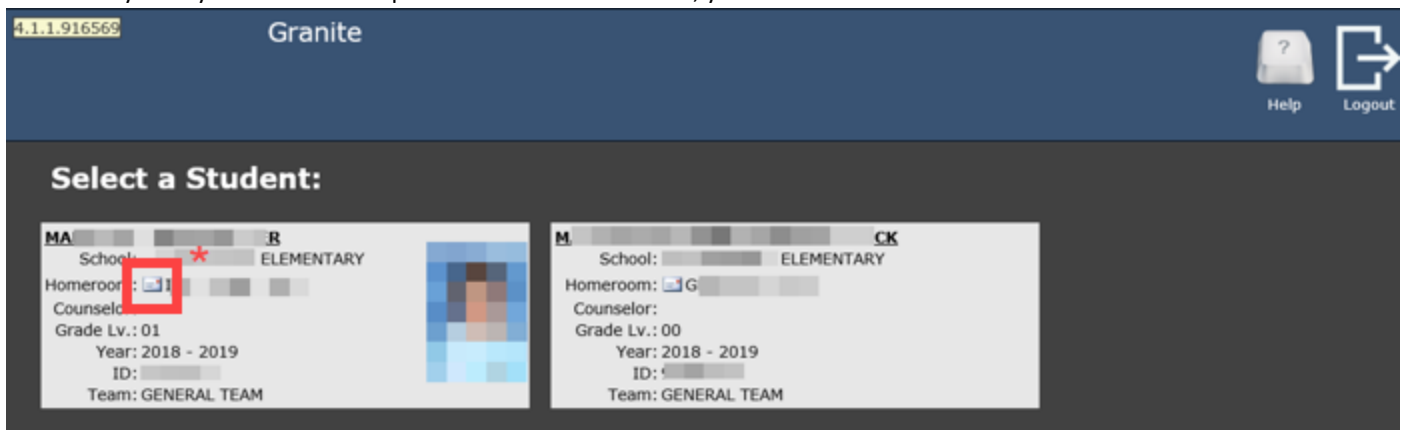

2. From the portal home screen click on the 'Gradebook' tile.

3. Once you click Gradebook Tile, below is a sample view of what a parent with 2 students will see. Click on one of the student names to see more details about their Gradebook.

\*Any time you see an envelope next to a teacher's name, you can click it and email the student's teacher.

4. Once a student is selected, the student schedule is the default view that the parent/guardian and student will see. Please notice all of the choices running down the left-hand side of the image below.

**NOTE:** To return to the list of ALL your students, simply click 'My Students' tab (top left), after you have already selected a student.
