

Kennedy Junior High  
Community Council Meeting  
March 12, 2019 at 3 PM in the conference room

**Welcome:** Brenda Shamo

**Approval of February minutes:** Brian Barnum made motion, Deborah Burkholder second and unanimous vote in the affirmative.

**In Attendance:** Council Members: Mary Basso, Brenda Shamo, Cindy Turner, Andrew Anthony, Jill Walgamott, Brian Barnum, Deborah Burkholder, Katie Allen. Others in attendance: Caroline Mitchell

**Update on current 2018-2019 budget-any need for amendment?** Saturday school will not be funded this year. Teachers will be observing other teachers at Kennedy, so there would be a need to fund the substitutes. A teacher survey will be sent out asking what they would like to learn/observe and then they will be matched up to teachers that do that well. This will help with goals of Instructional framework, PLC's and student engagement. No amendments will need to be made to use these funds in this manner.

**Training Updates:** Brenda will resend out as well as with a google form. Everyone can sign when they have completed watching their trainings.

**Turn around update:** A 90-day plan was just redone. The focus is on: Instructional Framework (Focus on activities) PLC's (focus on Interventions and enrichment) and Student Enrichment (Additional training and follow up.)

**2019-2020 Land Trust Plan:** Proposal to fund two paraprofessionals next year instead of just one. The additional para would be there to help with behavior, student support center, and decide on intervention strategies. Will not be providing a binder next year, but will provide the pencil pouch and supplies.

**Proposed budget:** 10,000.00 technology (surface pro's for remaining 8 teachers) 8,000.00 for substitutes and planning, 30,000.00 FTE's . Brian Barnum made a motion to approve the 2019-2020 plan, Katie Allen second and unanimous vote was in favor.
