Safe Walking route update - West Valley contracted -WVC City engineer will be calling Brenda back - better lighting at seminary crosswalk (canal). Actual traffic stop light like kearns high, hunter high, kearns jr. We are just trying to bring it to their attention and see what can be done. It needs to be safer for students, the trail, etc. Mary Basso had our district engineer come out to look at drop off. They need to go back to the district and talk to people there about another plan for the drop off area in front of Kennedy. It won't be any time soon. Two biggest concerns - drop off, light, and sidewalk by the church. Funding paperwork due in October (for sidewalk).

Council needs to vote on it and be ready by the end of March. Brenda would like to have the plan complete the week before the meeting, so we can make adjustments during that week before. Brenda will meet with Mary the last week of February.

Other:

There was a discussion about the Kennedy dresscode and the upcoming vote in 2023. We will have a committee put together that will come up with a dress code plan. They will present it to the community with ample time for the community to give feedback time to change it/deliberate before the final vote. Dresscode is a separate issue outside of community council. We will have a committee headed by a staff member and have staff and parents on the committee.

Brenda motions to adjourn - Hawkins seconds. All in favor.
