

Friday March 9, 2018

Members Present: Milton, JaNean, Laura, Hari, Brianne, Wes, Steve Hogan

Agenda:

- 1. Construction on the school entrance (security) - Steve Hogan**
- 2. Update on school grade**
- 3. Drop Off/Pick Up Issues**
- 4. Next year's plan**

Construction on school entrance

- It has gone to bid, hoping to begin construction on entrance early summer (no hard date yet)
- Approval has passed for a gate to be put up near kindergarten area on campus for added security
 - Starts in a couple of weeks

Update on school grade

- Schoolwide focus on writing to boost SAGE scores and improve to a C grade, getting Lincoln out of turnaround status
 - Teachers in all grades have been working on writing practice in preparation for end of year testing

Drop off/Pick up Issues

- Parents are parking at the pull-through area, students are walking through cars
 - Have parents been educated about the safety issues?
 - Get some signage up, communicate with parents via flyers, auto phone messages, have an adult presence outside to direct traffic
- Haven't had any luck getting Granite police to come assist
 - Can we get South Salt Lake to help?
- For now, Milton is going to move to the front of the school with an orange vest after school to help direct traffic
 - Also will get in touch with Transportation to discuss how things will work next year when we have at least one bus coming

Next year's plan

- Needs to be submitted March 23
 - Additional funds that come with next year's enrollment (68,000) will go in part toward keeping paraprofessionals
 - Goals would stay the same as this year's with a focus on using paraprofessionals for small group instruction in classrooms
