

School Community Council Meeting  
December 3, 2015

Members Present:

Becki Monson, Kent Nixon, Afton Lambson, Connie Anderson (school board member)

1). School Turnaround Update:

- After view the presentations, we have decided to go with Education Direction as the external provider for our School Turnaround. There was a concern about if they were going to be able to provide the support we need if they are serving lots of schools throughout the state. They assured that they will provide what we need.
- In reviewing previous minutes, we wondered if we had received any kind of template yet from the state on what our plan should look like. Afton shared verbally what the template includes (Names, evidence, annual measureable objectives, parent notification, analysis, professional development, parental involvement, extended day programs, coaching support.)
- We will look more closely at the template at the next meeting.
- Question was raised about if Education Direction will be working with us to develop our plan. Not sure yet, but it makes sense.

2). SCC Training Video – this was postponed till next month since we were missing so many members.

3). Agenda Items for Consideration:

- At our next meeting, we will view the training video and look at the template in more detail.

4). Next Meeting: January 7, 2016 at 7:30 a.m. in Mr. Lambson's office
