1). Review Minutes

2). Next Year Staffing: Afton presented 2 possible staffing plans. We are being given 19.5 FTE from the district for next year. We also have .50 OEA, 1.5 Special Ed, 1 literacy coach. One plan had 23.5 FTE (the extra being paid for with either Title I or Land Trust \$). The other plan had 22 FTE. We discussed that we thought both plans should offer 23.5. There was a suggestion for a plan C where we still kept 23.5 FTE, but consider lowering class size in fourth grade as a way to invest in students before they get to 6<sup>th</sup> grade. If we can catch kids up at a younger age, we can see greater growth. Afton will work on the plans and present them to the staff at Faculty meeting.
