

# Magna Elementary School

School Community Council 2014-2015

## Community council meeting

November 4, 2014

4:00 PM

### Attendees:

Jennifer Johnson, Parent Rep  
Misty Boyd, Parent Rep  
Kim Affleck, Teacher Rep  
Wendy Bliss, Parent Rep  
Liliana Mejia, Parent Rep  
Victoria Thomas, Principal

- The AR program was discussed and we discovered we can have the program at our school. We have to use fundraising money. The program would be expensive to purchase.
- The afterschool program was discussed. Clay, the coordinator, information is [afterschoolCBrimhall@slco.org](mailto:afterschoolCBrimhall@slco.org). Liliana met with him. We will look further into this program as \$6,000 does come from Trust LAND funding.
- We would like to see our school more tech savvy. We will be researching ways we could fund the ability to help out teachers and bring more technology to our school. Our library was given kindles since our Overdrive checkout was the highest in the district. Way to GO!
- The library was rearranged and allows more room in the library. We discussed having the same concept in the library as the AR program. Color chart never taken down would be a great starting point as to color code the books. Could we use LIA and other volunteers to coordinate the books?
- We discussed possible ways to get our progress report out to the parents. This needs further discussion.
- Information that gets sent home (Thursday Note) does anyone read it? Programs have recently been highlighted on the Thursday Note is the same information going on our web?
- Donorschoose was mentioned as a great way to get possible programs and or supplies.
