**Agenda:**

**Principal's Report and Budget Review**

The majority of the budget is spent on classroom aides. Those aides are equally split across the grade levels and provide support in core academics.

We also increased the hours for our behavioral support aide from 10 hours per week to about 24 hours per week. The BHA also supports recess structure for students who struggle with enjoying recess within the rules.

We also hired an attendance tracker to help improve attendance. We also paid for the tracker to train with other attendance trackers to implement positive supports.

We also hire one substitute per week to help support teacher planning and collaboration.

**Literacy data**

Mid-year reading (DIBELS) scores at this point of the year are similar to last year.

**Family Center**

The center is focused on teaching English and basic computer skills. Also, Ms. Sánchez is also working to develop parent classes to promote early literacy skills.
