

Community council meeting February 18, 2021

In attendance:

Brett Bawden

Misty Boyd

Chadric Coley

Ashsley Hammond

- Education and awareness on the safety of digital technology:

We talked about which programs we liked based off the resources that Brett sent out via email. He asked that we look them over more closely so that we can decide on for teachers to start using on distance learning days. Some ideas include nearpods

It is important to get this education out to both parents and students.

Want to kick off with a week long White ribbon week followed by weekly (Friday) information lessons to help it sink in for students.

kick this program ( internet safety), off on APRIL 5th with a white ribbon week, tying it in to end of year testing.

WHITE RIBBON WEEK :

THEME: AMONG US ( was suggested by Brett as it is a huge hit with kids)

Use posters etc to advertise

we need to submit UNIQUE ideas to each other before next meeting of March 18th, Chadwickis going to set up whats app or group me

we will plan how to execute ideas at 3/18 meeting.

We will need volunteer to help during white ribbon week. Misty Ashley and chadwick said they could all help.

- We will meet again on Friday March 5th at noon ( zoom or in person) to vote on the Fall staffing plan.
- Reviewed how last meeting vote on where to spend money went.  
An aide was hired she started this week working Monday - Wednesday . By the end of the year she will have provided extra support to 75+ students who are behind.  
This also helped open up time for some other aides to allow them to help their grade level teachers. Misty was able to see this in action while in a classroom.

Next Regular meeting will be March 18, 2021
