

Community Council Meeting Minutes February 2, 2023

-Ideas for upcoming LandTrust budget:

- Interventionist (0.5 FTE)
- After school tutoring ran by licensed teachers, paid on their hourly rate
- State vetted online programs for math or reading
- Para support

-SEP Ideas:

- Have opportunities to have breakout sessions teaching parents how to use portal/Dojo/online resources and one for showing parents our parking lot etiquette videos.
- Parents also share how difficult it has been to communicate to all academic needs for those who are compartmentalized. They would like for us to rethink how we schedule SEPs for DLI or additional teachers.
