

End of Year Activities Elementary School Edition Spring 2021

End of the Year In-Person Activities 2020-2021

- You may hold indoor/outside end of the year in-person activities such as field day, school plays, and award ceremonies with the following procedures put in place:
 - Ensure that all staff members, patrons, and students are wearing masks
 - Your plans should include mitigation procedures listed in the COVID School Guidelines.
 - Indoor venues must allow for social distancing and a maximum of 25% capacity.
 - Entrance and exit logistics must be planned to minimize students gathering and allow for social distancing.
 - Limit the number of students/adults. Consider conducting activities by grade level (like what you are currently doing at recess)
 - Outdoor activities should also allow for physical distancing during activities.

Refreshments

- Distribution of store purchased and individually wrapped refreshments can occur. Food may be distributed in the cafeteria, classroom, and outside. Food should be served in small group settings with six-foot social distancing maintained or as a grab-in-go option.

PTSA and Parent Volunteers

- PTSA and parents may be used to help supervise outdoor activities, such as field days, but masks must be worn properly at all times.
- Staff or parent volunteers that have had the opportunity to be vaccinated should be used for activities held indoors or when social distancing is prohibitive.

At Risk Activities

- In past years, any at-risk activity needed prior approval from Kieth Bradshaw and your School Leadership and Improvement Director. Proof of insurance needed to be sent to Kieth Bradshaw. Because of COVID-19 Restrictions, activities such as bounce houses, rock climbing walls, and skating at a commercial business will be suspended until further notice.

Guiding Documents:

The following documents found on the coronavirus.utah.gov website are to guide safety procedural decision making.
