

**Morningside SCC Minutes**  
**March 24, 2022**

Attending: Anne Reese, Drew Quinn, Laura Cannon, Shayna Barney; Zoom: Shannon Fischio, Dona Christensen-Guin, Andy D'Aquisito, Alison (guest)

Approval of February minutes: Anne Reese (motion), Laura Cannon (second)

Review treat survey:

- 179 total responses
- 71% do not favor replacing treats with non-edibles
- Ms. Reese will send a follow up email to school community, reporting results and encouraging families to use their own best judgment.

Review safe walking routes:

- Stefanie reached out to see what qualifies as a safe walking route—it doesn't need a sidewalk, just a reasonable shoulder.
- Question (Andy)—Can we post notes on the Safe Routes website, to give people additional info? (Andy shared example that myrtle spurge is on many areas of the route, and it is highly toxic even to touch)
- Drew reported on an auto-pedestrian incident involving a child on Olympic Way a few weeks ago; victim's parent reached out to Holladay City, which conducted several speed studies with the stealth box on Nila, Shanna, and Lisa. 85% of drivers were within speed limit.
