

MORNINGSIDE COMMUNITY COUNCIL
Thursday, October 26, 2023

- September minutes are approved. Motion by Connor Arrington. Second by Shayna Barney
- Follow Up business:
 - Morning Traffic:
 - Bike lane/walking lane on Bluebell Rd heading west. Dedicated walking/biking space.
 - Parent reached out Julie Jackson. Has not reached out Holly Smith with Holladay City.
 - Signs for the North Parking Lot. Hold off on order more signs. Will review inventory. “Pull forward” and “Exit” signs would be needed.
 - So far, traffic on Nila Way has not been as congested as last year.
 - Report on District Community Council Meeting (Marla Ward)
 - Working on a new Mission Statement
 - Working on language to tie in with all constituents.
 - Touched on traffic, challenges dealing with this, best options are to look within the community to find answers. Granite law enforcement is currently stretched thin.
 - Safety: Grounds safety → whether grounds are open to public while school is in session? Some adults have been playing tennis during school hours at some of the high schools.
 - Morningside has closed grounds while school is in session.
 - Animal Control is responsible for the Morningside grounds to enforce dog on leash rules.
 - Granite and Holladay in negotiations to turn Spring Lane into a large park with pickleball courts and dog park. Nothing confirmed yet. Could be a two-year process.
- Next District CC meeting is Tues. November 21, 2023. 6-7:30 (Bennion Junior High)
 - Who will attend: Shayna
- Fundraiser:
 - Parent feedback, some positive and some negative. Not a PTA fundraiser.
 - Further community feedback? Clarification email from administration has answered most of the questions.
 - Helps fund field trips, which are now increasing in costs. \$600 per class often.
 - Tracking all funds to prepare a complete breakdown of items selected.
 - Community/Parent Help for the Experience Day → Morningside has substantial staff but could use additional assistance. Right now 3-4 parents have volunteered. A few more parents could help.
 - Basement assessment to ensure safety. Granite head custodian inspected and has determined that it is safe for the students.
- Treedy from the Holladay Library:
 - Library would like to help in any way.
 - Lego Club has been successful, and other fun things from the creative lab.

- Asked whether the library consider purchasing some inventory for French-language and Spanish-language books?
- Next meeting is November 20, 2023
- Motion to adjourn: Ms. Reese
 - Second: Connor Arrington

Meeting adjourned.

Minutes prepared by Connor Arrington
